

The Lord's Pantry

Jan Leaf, Director

Ministry:

The Lord's Pantry of Downingtown began nearly 40 years ago as a small service effort to help some needy people within a local church community. The concept grew to include people of the broader Downingtown community and today serves "food insecure" families in the Downingtown, Exton and Lionville area.

They currently serve 710 households each month. They have 100 dedicated men and women who volunteer their time each month to staff the pantry and pickup donated food.

The Lord's Pantry provides a six day supply of food to families in need. They help those who are frequently unable to make ends meet as well as families who need assistance on a short term basis.
