Ministry:

Michelle began working with REST Ministries in Coatesville, PA in 1998 after graduating from Lancaster Bible College. REST is a department of (H*VMI) Handi*Vangelism Ministries International). She leads a Bible study each week at Chester County Correctional Center, as well as one-on-one counseling with some of the women in that facility. She also creates the publications for REST Ministries, from newsletters to brochures. She designed their latest workbook, "Restored: Seeing Me Through God's Eyes."

Nathanael and Michelle first met while attending Calvary Fellowship Church and married in 2006. Through their relationship and the other missionaries, Nathanael felt drawn into the ministry. In 2008, he was appointed the Director of Mobilization for H*VMI. While raising support to become a full-time missionary, he's immersing himself in its various ministries, getting to know them first-hand. He's also traveling to colleges and churches, creating awareness of the ministry, as well as mobilizing volunteers and missionaries to join the ministry.
